

410 Sprint Car All-Time Win List**Williams Grove Speedway****Updated 4/30/2026**

This list includes races in which sprint cars (including URC sprints) were eligible to compete along with their weekly Williams Grove predecessor, super modifieds. The super modifieds evolved into the weekly sprint car division with weekly rules being opened up to include sprint cars in late 1966. It does not include victories in stock cars, championship dirt cars, super sportsman, 358 sprints or midgets. Sprint cars themselves became the regular weekly attraction in 1967 however some designated sprint only competition was conducted prior to that time while super modified racing was prevalent.

WINS	SPRINT WIN LIST
